

VISION WALKS... for staff, students, parents, governors to walk around school with a fresh pair of eyes...

On the walk....

What do you see and hear you want to keep?

What don't you see and hear that you would like to?

What do you see and hear you want to remove, or reduce?

Things to look at...

- How people interact
- Learning
- Leading and managing
- Individuals
- Groups and community
- Resources
- Spaces
- ?

Use your other senses too: feel, touch and smell...
